MAINTENANCE AND REMEDIAL WORKS AT LATAR EXPRESSWAY

KUALA LUMPUR – The KL-Kuala Selangor Expressway (LATAR Expressway) today announced that they will undertake maintenance and remedial works at the mainline of the expressway for its continuous improvement efforts to ensure the comfort, smooth and safe drive for expressway's users.

The works will be executed in stages of which the first phase begins from **21 January 2013 until 2 May 2013** and the second phase will be executed from **18 February until 5 March 2013**. Temporary traffic management and pre-warning signages of the traffic diversion will be implemented.

“During this period, we advise users to take precautions while driving by following the signboards and decreasing the speed. The motorists are advised to follow all traffic signages and instructions given by LATAR personnel while approaching the affected area. Motorists are urged to keep alert to our Variable Message Signages (VMS) which are located at the strategic areas along the expressway for any important announcement or notification” said En Amran Amir, Chief Executive Officer of LATAR.

LATAR regrets for any inconvenience caused to the public.

For more information, users can call LATAR line 03-6145 1515 or visit www.latar.com.my or www.facebook.com/latar-expressway .
